Round Jump Ring (Small)	1pc
Synthetic Gemstones/Aquamarine /Round 4mmφ	1pc
Flat Screw Eye(Pure Silver) Small	1pc
Cable (SV925 Chain)	1pc

Complete pieces

<Step by step guide>

1) Roll the 4mm wide Fine Silver Flat Wire on a wooden mandrel etc., then fix the handle part with some adhesive tape to make a small and a big mould.

2) Make 5g of the clay into a ball, and roll out 2.5mm thick.

3) Cut into the clay with the big and small mould in order.

4) Cut off a 1/3 of the screw parts of the Silver Bezel and small Flat Screw Eye.

5) Apply a lot of Paste Type on the screw parts, and insert the Silver Bezel and small Flat Screw Eye into the moon shaped piece.

6) Wipe off any extra Paste Type with a moistened brush, and dry.

7) Trim any burrs with a medium fine file, and then smooth the entire piece with a red sponge sanding pad (#320-600) and fire.

8) Polish the entire piece with a stainless steel brush, and then make a hair line finish with the red sponge sanding pad (#320-600) by polishing in the same direction. If you like, polish the sides with a

burnisher.

9) Set the synthetic stone into the bezel, attach a chain and finish.
