Snow Flake Pendant

Level: Basic/ Intermediate

<Materials>

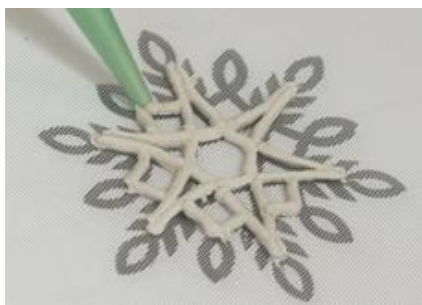

| | |
|------------------------------|----------------|
| Art Clay Silver Syringe Type | 10 g |
| Art Clay Silver Paste Type | A small amount |

Completed piece

<Step by Step Guide>

Design pattern.

1) Tuck the design in a working sheet. Extrude syringe line with a green nozzle on the design.

2) Fix the shape with a moistened brush.

3) Extrude syringe line in three layers, and dry.

4) Fill in any gaps with a small amount of Paste Type to reinforce. Reinforce one half first and dry. Then, reinforce the other half and dry.

5) Cut off any burrs with a craft knife to smooth the shape. Fire at 800C/1432F for 5 minutes.

6) Make a mirror finish with a bunter. TIP: Do not press too much to flatten the shape.
